

EV-CA037024-15

700mA Dimmable Constant Current 16.8W DC LED Driver UL approved

- Single Input 120Vac \pm 6%, 60Hz, 0.24A
- Dimmable with Industry Standard Dimmers, Triac & Electronic Low Voltage Dimmers
- With Power Factor Correction function: PF > 0.9
- Output 700mA \pm 6%, 16.8W, 16-24V
- Compact, lightweight in plastic case.
- Designed for indoor application.
- Lamps wired in series, and total value of LED Vf should be under 24V
- Protection: Short-Circuit / Over Load / Over Heat and Auto-recovery Mode
- Fly leads 20AWG 15cm for rapid connection
- Approvals: UL, cUL 1310 class 2, CE, FCC, RoHS
- Auto-restart function when fault condition is removed
- -20C to +70C, full load, max case 70C. 20 to 95% RH NC
- Size: 3.35" L x 2.13" W x 1.28" H (85mm L x 54mm W x 32.5mm H)
- Shell material: Plastic
- 2 year warranty
