

EV-CA03548-15

350mA Constant Current 8W DC LED Driver UL approved

- Single Input 120Vac \pm 6%, 60Hz, 0.24A
- With Power Factor Correction function: PF > 0.9
- Output 350mA \pm 6%, 1-8W, 3-36V
- Compact, lightweight in plastic case.
- Designed for indoor application.
- Lamps wired in series, and total value of LED Vf should be under 48V
- Protection: Short-Circuit / Over Load / Over Heat and Auto-recovery Mode
- Fly leads 20AWG 15cm for rapid connection
- Approvals: UL, cUL 1310 class 2, CE, FCC, RoHS
- Auto-restart function when fault condition is removed
- -20C to +70C, full load, max case 70C. 20 to 95% RH NC
- Size: 2.56" L x 1.38" W x 0.91" H (65mm L x 35mm W x 23mm H)
- Shell material: Plastic
- 2 year warranty
