

EV-LED-RETRO-200W

200W LED Retro-Fit KIT for 1000W MH e39 Lamp UL Approved

- Replacement for 1000W MH lamp, with 200W Nichia 3030 LED. AC100-277V
- Multi-fixture Install for 'Shoebox' or Downlight (U-Bracket, L-bracket, and Lanyard)
- High Efficiency, 132LM/W, Much better cooling, Lighter weight 30% - Does not burden the original socket / fixture
- 29,466 LM (26,772 LM in fixtures), 4500K Neutral White, 110 degree angle
- Cold-Forged technology (Pin Heat Sink) better (2.4x) Heat conductivity (237M/m.K) than die-Casting (96 W/m.K)
- Advanced circuit design: short circuit / over current / over voltage / over temperature protection with auto recovery
- Sunon Brand FAN, Meanwell UL approved Driver
- 8.6" L x 5.7" W x 1.4" H, 0.77Kg
- 5 year warranty
